

# Bryan Schmidt

## PROFILE

I'm a flexible and detail-focused professional with real-world experience in manufacturing, customer service, and technology. Fluent in English, Spanish, and French, I do well in team settings, staying organized, and working with technology. After earning my Front-End Engineer certification, I'm looking forward to using my skills and multilingual abilities to make an impact in innovative and team-focused environments.

## EXPERIENCE

### Plasma Cutter Operator

Midland Manufacturing Limited, Rosenort, MB

*August 2021 – May 2022*

- Operated plasma cutting machinery with precision, ensuring quality and safety standards were consistently met.
- Utilized overhead cranes, contributing to streamlined workflow and improved material handling.
- Coordinated inventory documentation and management to ensure accurate stock tracking.

### Robotic Welder Operator

Sun-Tech, Rosenort, MB

*June 2022 – September 2022*

- Operated and maintained robotic welding equipment, ensuring consistent quality.
- Gained proficiency in forklift operations and basic MIG hand welding techniques.
- Managed shop tools and resources daily to aid smooth shop workflow.

### Barista

Brilla Cafe, Alcalá de Henares, Madrid

*February 2023 – September 2023*

- Delivered friendly customer service, ensuring satisfaction and creating a welcoming atmosphere.
- Demonstrated leadership and teamwork skills by managing busy shifts and training new staff.

- Maintained attention to detail while preparing high-quality beverages and adhering to specific instructions.

### **General Laborer**

Sun-Tech, Rosenort, MB

*March 2024 – September 2024*

- Contributed to team efforts involving forklift operations and logistics.
- Applied time and space management to optimize efficiency and minimize downtime.
- Supported production timelines by maintaining organized and efficient workspaces.
